This home fire escape drill flyer was developed to be used by both adults and children. This piece uses many illustrations and easy-to-read language to teach people about home fire escape drills.
Make copies to hand out to residents.
Practice Your Home Fire Escape Drill
Two Times a Year

The smoke alarm will make a loud noise.
You must leave your home.

Close all doors behind you when you leave.

Push the test button to sound the smoke alarm.

Practice your drill with everyone in your home.

If you must go through smoke to get outside, get low and go under the smoke to your way out.

Get outside fast and stay outside.

Go to your outside meeting place.

Remember, if the smoke alarm sounds, get outside and then call 9-1-1.
